About Me

Adeline

I am a creative and motivated digital marketer with a passion for social media management and content creation. While I'm still growing my professional experience, I have worked on various projects that showcase my ability to design engaging content, manage social media pages, and develop marketing strategies.

Vision

To inspire and connect people through creative and impactful digital marketing, leveraging storytelling, design, and strategy to build meaningful brand experiences.

Mission

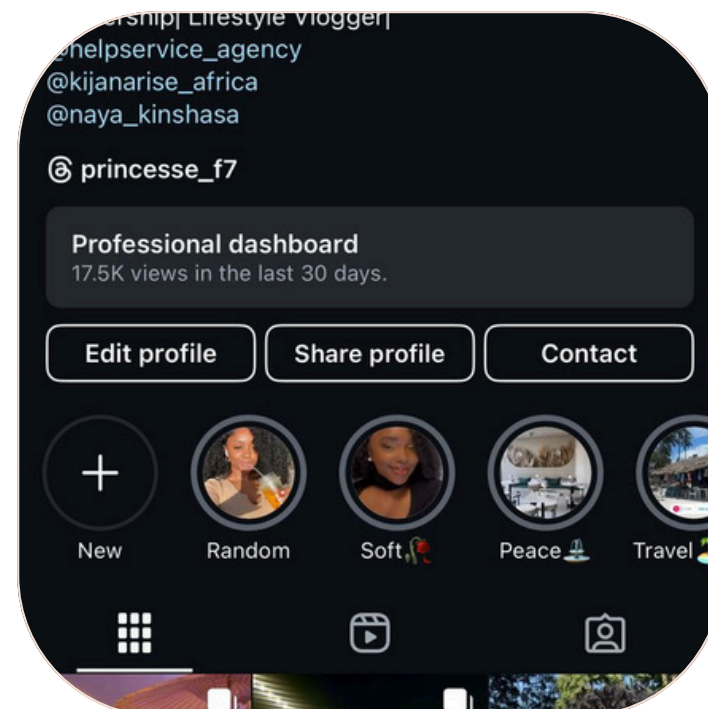

To continuously grow and refine my skills in social media management, content creation, and marketing strategy while embracing creativity and cultural diversity. My goal is to contribute to brands and initiatives that foster inclusivity, innovation, and engagement in the digital space.

Personal Skills

I am a creative and detail-oriented individual with a strong passion for digital marketing and social media management.

My skills include:

- ◆ Content Creation – Crafting engaging and visually appealing content for different audiences.
- ◆ Social Media Management – Handling social media pages, creating strategies, and boosting engagement.

Fashion Show Event

For my final art project, I organized a fashion show with the theme "Home Through Fashion and Music." My goal was to celebrate the beauty of diversity and explore the meaning of home across different cultures. .

Fashion Show

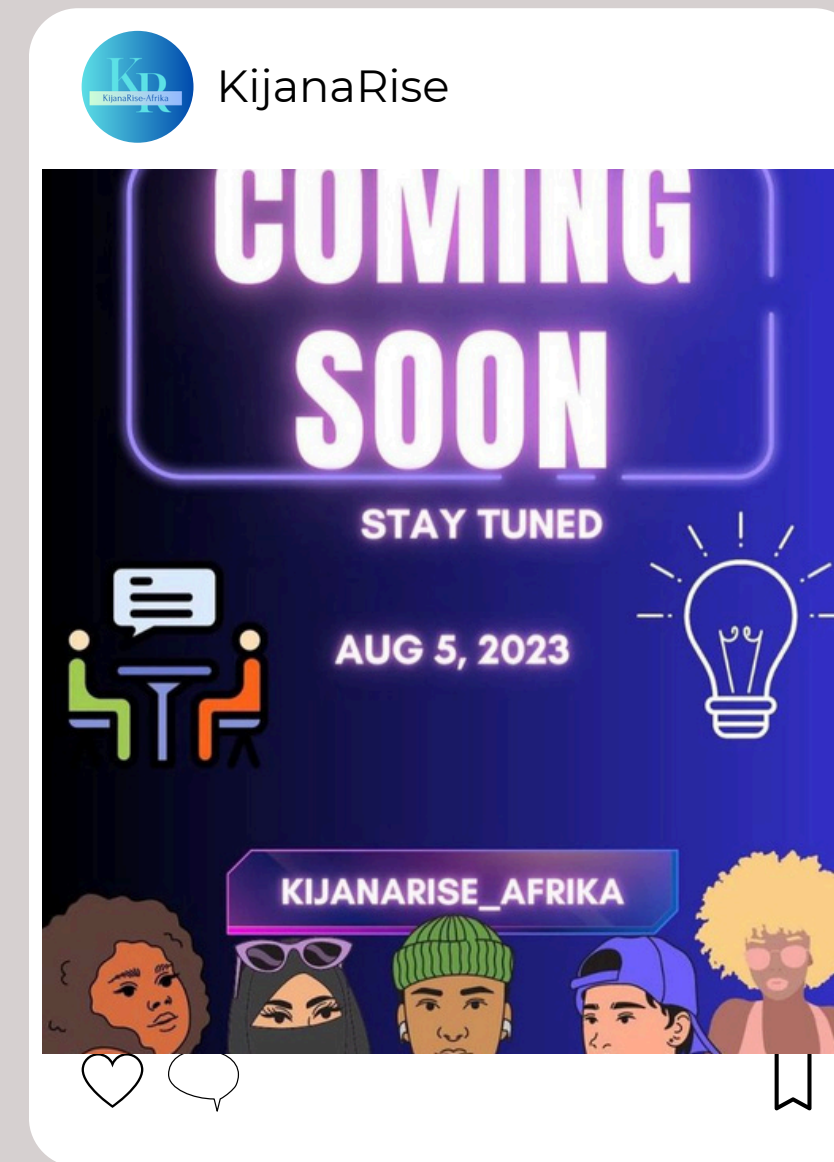

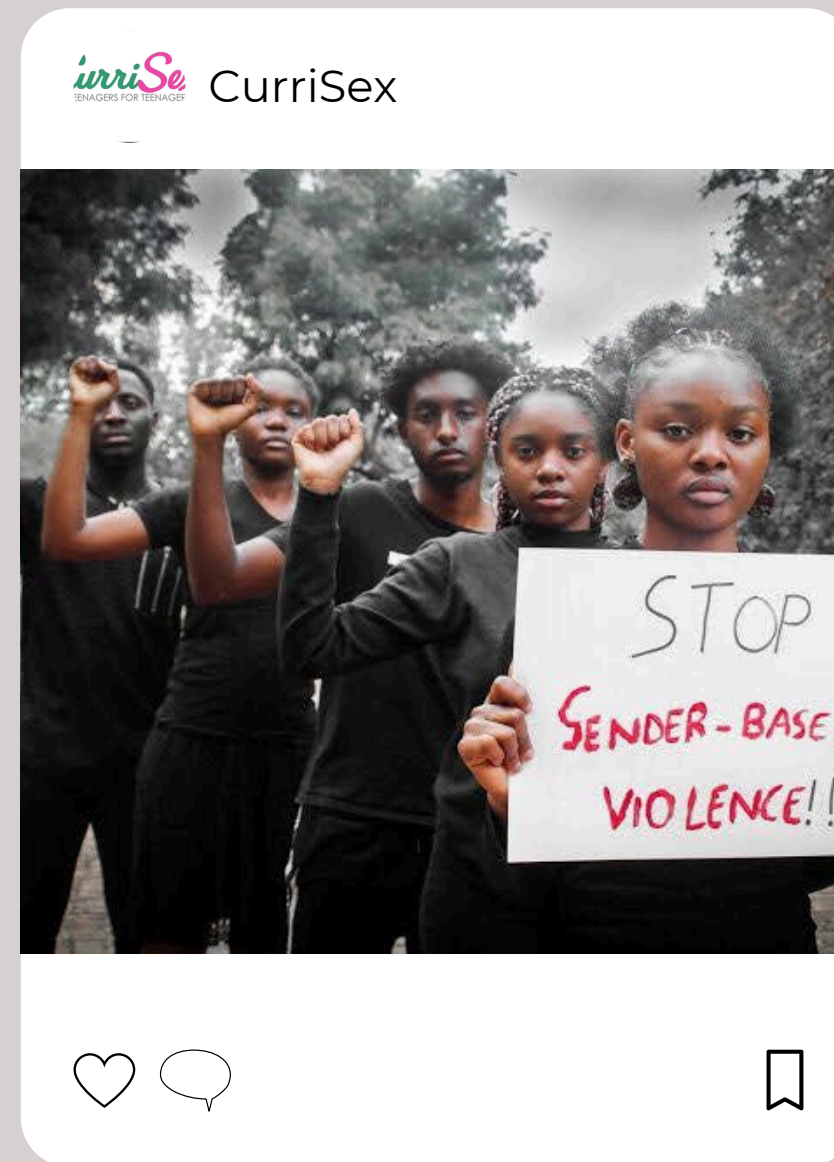

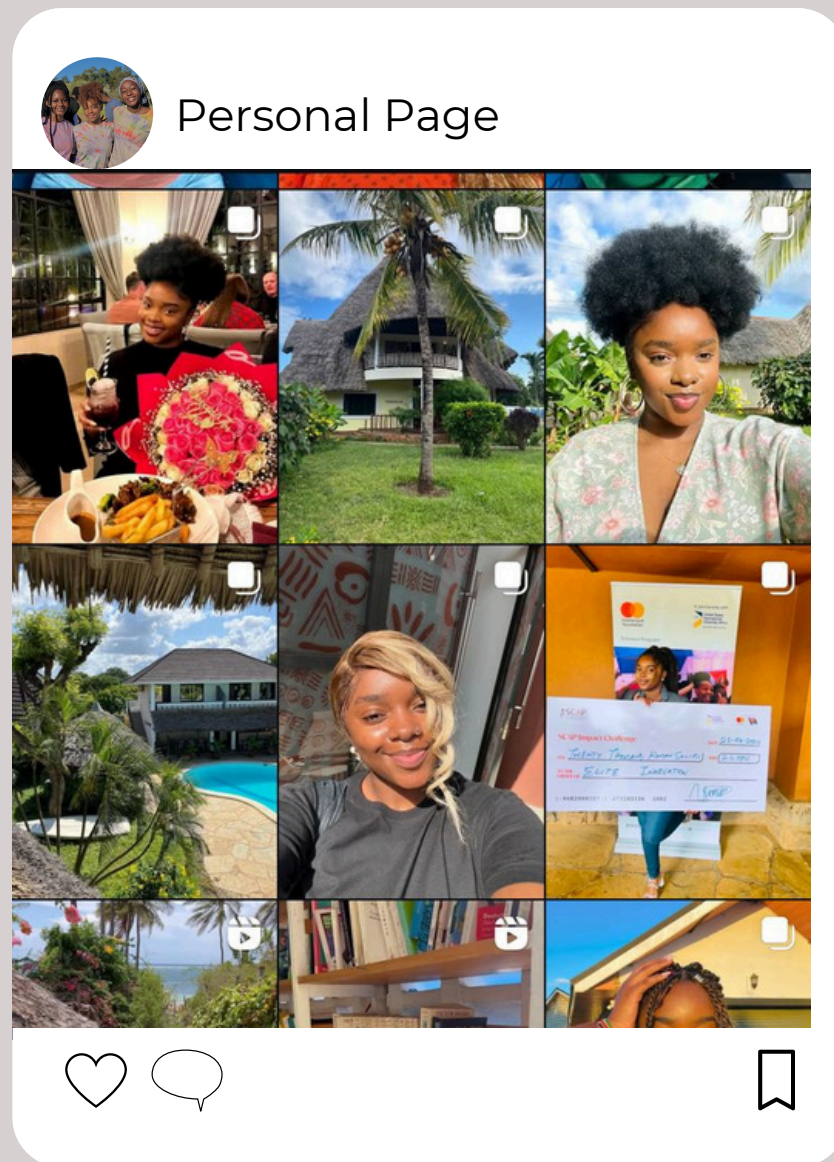

To bring this vision to life, I featured models from various African countries, including Morocco, South Sudan, Nigeria, Ivory Coast, the Democratic Republic of Congo, and more. Through fashion and music, the event highlighted cultural heritage and unity, creating a vibrant and meaningful experience in event planning.
